

*Dear Phil,*

*I would like to take a moment to sincerely thank you and your wonderful team for organizing such an insightful outreach workshop. The content was incredibly valuable, and I learned so much from the discussions and especially from activities. Your efforts in bringing together such a knowledgeable team*

*and creating a welcoming environment are truly appreciated. I'm grateful for the opportunity to attend*

*and actively participate.*

*I would also like to share that I am going to use so acquired experience in just a few days for the meeting*

*with R&D leaders of the Israeli Electrical Company (IEC) aiming to establish the join HIT- IEC research*

*center in sustainable energy. My initial short presentation draft that I prepared 3 weeks ago (before the*

*outreach workshop) was not well accepted by the organizing unit in the HIT administration as too scientific and boring, asking for extensive conceptual changes. While shortly after the workshop I prepared the absolutely new one which got much better attitude.*

*Regards to all,*
